Elevate II Family of Sit/Stand Workstations

Elevate II is Anthro's newest family of sit/stand desks that showcase updated capabilities: from a sleek and simple design with easy cable management, to tilt-and-go rear wheels. Push a button to adjust the worksurface to just the height: as low as 28" or as high as 47". And it's only one of Anthro's families of height-adjustable solutions that empower you to work sitting or standing so you're comfortable and productive all day. Visit anthro.com for all sit/stand solutions.

Whether collaborating on projects, like Nikki and Michael, or taking a break, simply push a button to raise your Elevate II to a comfortable standing height.

THE TOP FOUR REASONS YOU'LL LOVE THE ELEVATE II FAMILY:

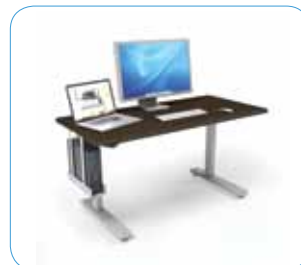

- 1. Its big lift capacity handles 150 lbs!** That's more than enough to support multiple displays, computers, and peripherals. The strong legs move quietly and easily at a rate of 1.5" per second.
- 2. Budget-friendly prices start at only \$1,299 MSRP.** That puts the health and productivity benefits of adjustable-height furniture into even the tightest budget. Outfit your entire office with strong sit/stand workstations.
- 3. Hidden features,** like tilt-and-go back wheels that make the table easy to move for cleaning or equipment upgrades and a complete cable management system that organizes and protects the connections to your equipment through the table's entire range of motion, keeps the Elevate II working as hard as you do.
- 4. Lifetime Warranty** against manufacturing defects, 2 years on the electrical system. With a warranty, for a lifetime, you know we build every table to last and last.

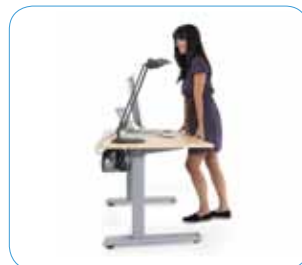

Plus models feature the Comfort Edge worksurface so that your arms rest comfortably.

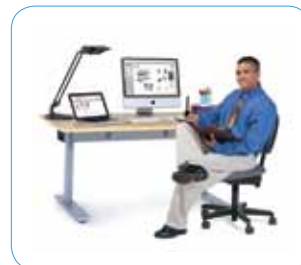

Lift capacity of 150 lbs. handles all of your monitors and equipment.

The simple design fits any work space and helps keep the price point low.

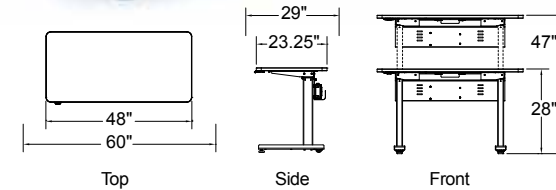

Move your workstation where you need it with tilt-and-go wheels.

Built in the USA and backed by a Lifetime Warranty, Anthro's products are made to last.

ELEVATE II SINGLE SURFACE

	Elevate II	Basic	Plus
48" w	Shallow: 48" w 23.25" d	(MVAS48)	(MVBS48)
	Deep: 48" w 29" d	(MVAD48)	(MVBD48)
60" w	Shallow: 60" w 23.25" d	(MVAS60)	(MVBS60)
	Deep: 60" w 29" d	(MVAD60)	(MVBD60)

Elevate II joins Anthro's line-up of adjustable-height tables that move from sitting height to standing height at the push of a button.

- Elevate II lifts 150 lbs on strong electric legs that move the desk and all your equipment at the push of a button. The legs move at 1.5"/second to move quickly and quietly into position.
- Comes with single worksurface, cable tray, control box and keypad for electric height adjustment, 2 electric lift legs, and 2 feet with tilt-and-go back wheels.
- This single-surface table has 2 choices of worksurface finishes:

BASIC: Black (BK) and Polar White (PW)

Basic models have a 1" thick 45-lb. industrial-grade particle board work surface covered in high-pressure, scratch-resistant laminate with vinyl edge banding and are available in Black (BK) and Polar White (PW).

PLUS: Maple (MP) and Wenge (WE)

Plus models have Comfort Edge contoured worksurfaces made from 1" thick medium-density fiberboard wrapped in thermoplastic laminate and are available in Maple (MP) and Wenge (WE) wood finishes.

ELEVATE II ADJUSTA

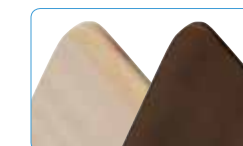

Dual-surface adjustability – set the monitor shelf height with the push of a button, then fine-tune the keyboard shelf position with its manual height and tilt adjustment.

- Elevate II lifts 150 lbs on strong electric legs that move the desk and all your equipment at the push of a button. The legs move at 1.5"/second to move quickly and quietly into position when you push the button.
- Comes with two worksurfaces, cable tray, control box and keypad for electric height adjustment, two electric lift legs, two feet with tilt-and-go back wheels.
- The Elevate II Adjusta table has 2 choices of worksurface finishes:

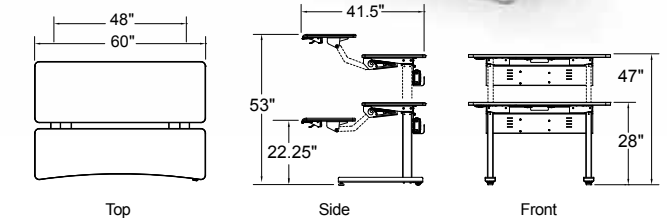

BASIC: Black (BK) and Polar White (PW)

Basic models have a 1" thick 45-lb. industrial-grade particle board work surface covered in high-pressure, scratch-resistant laminate with vinyl edge banding and are available in Black (BK) and Polar White (PW).

PLUS: Maple (MP) and Wenge (WE)

Plus models have Comfort Edge contoured worksurfaces made from 1" thick medium-density fiberboard wrapped in thermoplastic laminate and are available in Maple (MP) and Wenge (WE) wood finishes.
